Celebrate our Resilient Residents

Anyone who has experienced mental illness, trauma, abuse, loss, illness, or violence is at risk of becoming homeless. Once someone is unsheltered, they become increasingly vulnerable to substance use, sexual assault, crime, and the deepening of mental health struggles.

But YOU have the power to make a profound difference. By investing in affordable, permanent supportive housing, you can help create a pathway to healing and stability.

Through your generosity, residents gain access to vital services such as counseling, case management, healthcare, substance use treatment, life skills training, food and transportation assistance, employment support, and so much more.

Sponsoring this event is about more than just financial support—it's a meaningful investment in the future and well-being of CHN residents. Together, we're not simply providing a place to live; we're helping to build brighter, more promising futures for those who need it most.

About Community Housing Network

- CHN is the largest and longest-standing provider of permanent supportive housing in Franklin County.
- Since 1987, CHN has served more than 10,000 households and we aren't slowing down anytime soon.
- In 2024, CHN provided homes to 2,234 residents in a variety of apartment options.
- 92% of CHN residents successfully maintain housing.
